

FIRST ANNOUNCEMENT

MALAYSIAN AGRICULTURE CONFERENCE AND INDUSTRY EXHIBITION

FOOD SECURITY : A NATIONAL AGRICULTURE PRIORITY

22 – 25 JUNE 2009, PUTRAJAYA

Research and development in agricultural practices play the role of providing creative and innovative solutions to problems such as low production and low yield. Technological advances and mechanisation will become the key catalyst of growth and a powerful engine driving the changes in the field of agriculture. Being fully aware of the importance of networking, collaboration and sharing of ideas, the Agriculture Institute Malaysia (AIM) is organising this conference with the aim of promoting the latest agricultural practices.
